## ABOUT US

Welcome to Genfu Trading (Pty) Ltd Genfu Trading was formed in 2012. The company has grown very fast before it was registered with CIPRO in 2013. We are a leading manufacturing of Hospital, School and Nursery School Furniture. We maintain strict quality parameters at all levels of our operations and manufacturing process such as recruitment and retaining technically competent persons, procurement of quality raw- materials components. Technically advanced Machineries. Genfu Trading has the ability to take on projects of unlimited value in both the manufacturing general maintenance and supply. We have a core concept in accordance with love and concern; we insist our quality value of innovation, improving and comfort. It was established to provide high quality furniture and general maintenance services. We have expanded to cover a wider area of residential, hospital and schools.

## Our Mission

Our mission is also in line with government health insurance plan to help the poor people. Our company is mostly using manual machine where possible to help Africa with Job creation.

## Our Vision

Our Vision at MaAfrica Hospital Furnishers is to fulfill the three important in health are:

Quality  
Efficiently  
Affordability

### Quality

It is our view that hospital should have quality equipment and furniture to enable them to deliver quality health care for all.

### Affordability

Our product should be produced at a well balanced cost to avoid unnecessary high prices so that all hospital can be supplied with quality and affordable furniture.

### Efficiently

It is our believe that our product should reach their destination in time to enable hospital to save life.
